*Christmas*

# Devotion

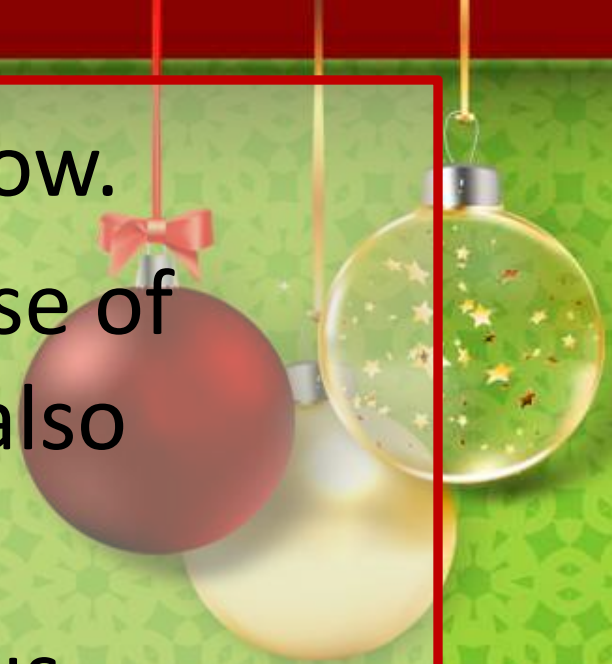

- God wants your presence before He wants your presents.
- 1. Respond to how God is trying to reach you.
- God's Word will point you to the living Word.

2. **Determine** to go, not just know.

• I don't know why it is, but those of us who are religious are often also the most **indifferent**.

3. **Believe** and **receive** King Jesus.

• Ultimately you and I must get to the part of our journey where we live lives of **total devotion** to Him.

4. *Participate* in taking the gospel to the globe.

- This shows us once again that God's heart is for *all people*.

5. *Expect* Christmas conflict.

- At its heart, Christmas is a spiritual *power encounter*.

6. **Refuse** to go back to the old route.

- When you bow before Jesus you cannot go back the way you came because God wants to take you in a **new direction**.

7. **Worship** through how you live and how you give.

- As we've said before, worship is defined in the Bible as the **surrender** of our very lives to Christ.
