

A scenic view of a stone arch bridge over a river in a park. The bridge has a decorative railing with star-shaped patterns. The water reflects the bridge and the surrounding trees. In the background, there are tall trees and a building. The overall atmosphere is peaceful and natural.

The Power of Community

- Our responsibility is to become like the early church so that every time we come together we expect God to show up in a powerful way.
- They prayed according to the words of Jesus.
- They were in agreement with God's purpose for the church.

- That when we call on the name of the Lord, under the *anointing* and in agreement with one another, there is no power that can stand against us.
- There is something that we may overlook if we aren't careful, and that is the power of *unity* that opened the doors for that outpouring.
- *Unanimous* *Passion* -

- The Unity of those believers as they prayed released God's *power* and *presence*.
- When power and presence are seen in tangible ways *revival* comes.
- There should be no power that could ever *hold us back*.

- We can understand one another because what we believe and agree on comes from the **Word of God!**
- There are two ways of being united - one is by being **frozen** together (religion), and the other is by being **melted** together (faith).
